FROM THE CAPITAL.

The Virginius Difficulty--Congressional.

WASHINGTON, Dec. 6.—It has transpired that a proposition for a change of the protocol delivering the Virginius to neutral power did not come through Spain to our government, but was merely an unofficial suggestion from Cuban officials to Admiral Polo, as a measure in the interest of quiet on the Island. This statement is made upon the highest authority and our government takes no notice the indirect suggestion as they are to treat with Spain. They have no diplomatic relations with Cuba beyond the Consular regulations.

REVIEW OF THE COTTON MARKET FOR THE PAST WEEK.—The market last week did not keep up to the high standard of the preceding one. On Monday the receipts were large and sales were freely made at 14. Tuesday the market took a downward tendency and cotton was quoted at 13⅜ to 13¾. Wednesday sales were large at 13½ to 13⅝. Thursday the quotations stood at 13⅜ and large sales were made. Friday receipts and sales were light and the staple closed weak at 13⅜. On Saturday the market opened at 13⅜ but closed dull at 13½. The receipts were small and business very dull.

During the week receipts amounted to 1,140 bales. From September 1st, 1873, up to date, 8,892 bales have been received in this market.

RESIGNATION OF THE MASTER OF THE GRANGES.—W. S. Battle, Esq., Master of the State Grange, has offered his resignation of that position. He says:

"When, at the organization of our Order in Raleigh last July, you did me the honor of electing me Master of the State Grange of Patrons of Husbandry of North Carolina, I stated explicitly that I could not accept if the duties of the position required much of my attention. Solicitations, however, induced me to waive my objections and to accept the position so generously and so unexpectedly tendered me. Since then we have grown and multiplied in North Carolina, and now I find, as I expected, that my private affairs absorbe so much of my time that I cannot give the Patrons of Husbandry that attention which my position as Master would require. I must, therefore, most respectfully, but firmly, resign it. And I do it more cheerfully as the honor and the duties will devolve on one so worthy and capable of bearing them—our worthy Overseer, Dr. Columbus Mills.

Mrs. Battle, also, most respectfully tenders her resignation of the office of Ceres."

THE LOTTERY SWINDLERS.—In violation of the promises made by the lottery swindlers, before Justice Prairie on Friday night, to close up their 'chebang' and to leave the city by the first train, they opened their den again yesterday morning. We informed the Mayor of the fact and asked that the house and concern should be suppressed at once. In accordance with our request, the Mayor issued an order to the proprietors to close up, and delivering the documents to his Chief of Police, the house was closed, and up to the hour of the present writing, 11 o'clock, p. m., no sign or trace of the swindlers have been seen. We are determined with the advantage in our favor to suppress this gang of swindlers, despite the snarls of men as mean and unprincipled as the swindlers themselves.

We have heard of the opposition that has been made to our efforts to suppress this thieving concern. We know our enemies, who and what they are, and even were they ten times as strong in numbers, (their influence is nothing) we would not be in the least intimidated. As as honest man and a good citizen, we shall always consider it as a privilege, to ferret out rouges and rascals, and use our every effort to bring them to trial.

Mr. Waring desired to know who was R. B. Creecy?

Mr. Grandy passed a high tribute to the literary ability of Mr. Creecy, and at some length advocated the passage of the resolution, its necessity, &c. He referred to the opposition of Mr. Love as contemptuous, and said it was no more than he expected that he should be willing to bury in oblivion the historic deeds of North Carolinians, &c.

He said that the law on this matter was all right, but there was nothing be hind it to enforce it. He wished, as the bill provided, to make it a misdemeanor for making this unjust distinction. He proceeded to speak of the prejudice sgainst the colored race and said in the course of his remarks that there were more colored convicts in the Penitentiary on account of prejudice than from any other cause, etc.

FRAUD IN THE SALE OF COMMERCIAL MANURES.—In the State Senate, on the 5th inst., while the bill preventing fraud in the sale of commercial manures was being considered, Mr. Cunningham, of Person, said:

"This bill aims at an important end, and meets my hearty sanction. It is designed as a safe-guard to our greatest interest, the agricultural, against a growing evil, and one that my personal interest in farming as well as my sympathy for farmers has caused me to consider with deep concern.

The increasing demand for fertilizers is a healthy sign, and indicates improvement in an occupation on which our prosperity as a people is chiefly based; but the nature of these products and the character of those interested in them, opens a wide field for that industrious class who live and thrive by impostures, and make an imperative call for legislative intervention.

Our farmers, Mr. President, are the most unsuspecting people in the world, because they are the most honest—(and when I utter this just praise, I wish it to be understood that I am not thinking of myself,)—and we all know that the value of artificial manures and fertilizers can be tested only by chemical analysis, or by actual trial. The former means is beyond the reach of most of those concerned, and experience is a very expensive teacher, and the inventors and venders of humbugs being well aware of their advantages arising from this, and from the trusting character of our agriculturists, are freely investing their capital and ingenuity in the manufacture of all sorts of worthless compounds, and have pushed this nefarious traffic, and the no less disreputable habit of adulteration of standard articles until the odor attaching to the whole business of making fertilizers has become as rank and offensive as the strong-scented cheats in which they deal. The country and the soil are reeking with the vile flavor of the so-called fertilizers, and with the tricks of dealers in them, and nothing is fertilized but the pockets of the manufacturers of these expensive humbugs, and not the least evil result is the discouragement to the honest men who are engaged in producing articles of real value, and whose productions are often supplanted by those of impudent swindlers. Whatever the Legislature can do to effect a remedy for the evil from which our hard-working, patient and confiding farmers are enormous sufferers should be done without hesitation; and I know of nothing better than the provisions of the Bill before us, and which have been prepared by one who has given the subject mature, practical and wise consideration. The supervision and inspection of the State are demanded alike by the subject itself, and by the importance of the interest at stake; and this Bill provides a safe and inexpensive means which will do much to discourage and expose fraud, and to promote honesty and fair dealing in the matters concerned

And, in conclusion, I will make a personal remark which is, perhaps, as proper here as elsewhere. I have called myself a farmer and I glory in the calling, but must be allowed to say that this fact does not incline me to any partial lesislation. I am merchant as well as farmer, and I stand ready to hold the balances of public favor even between all the honest interests of the country. I will not, however, deny a fellow feeling, and a warm one, for my brethren who till the soil.

My ways as a man are those of a farmer, but my policy as a legislator looks to the welfare of every class; and in the matter before us, seek as truly the interests of honest manufacturers as those of the farmer.

LEGISLATIVE SUMMARY.—The legislature of the House of Representatives yesterday was almost entirely upon bills of a local nature. The bill to make it a misdemeanor for County Commissioness to use any distinction on account of race, color, &c., in drawing jurors, created some little excitement among the colored members. The bill very properly went to the table on motion of Mr. Freeman, of McDowell.

Mr. Craige, of Rowan, introduced a bill to prohibit the sale of liquor in quantities less than a quart within the Corporate limits of the town of Salisbury, subject to the action of the qualified voters therein. No time is wasted in the House, all seem to be working to get away at the earliest possible moment.

RELIGIOUS EXERCISES.—The last quarterly meeting for Edenton Street (M. E.) Church will be held to-day. The Rev. Wm. M. Roby, of Davenport Female College, will preach at 11 o'clock a. m. The Rev. J. P. Moore, Presiding Elder of Hillsboro District, will preach in the evening.

[Correspondence.]

The following correspondence between Treasurer Jenkins and the Attorneys for the State in the late Self suit, explains itself:

RALEIGH, N. C., Dec. 6th, 1873.

Messrs. Smith & Strong:

GENTLEMEN:—It is charged in the *Sentinel* that two at least of the Attorneys appearing in the Self suit, deny that they advised me not to pay out money from the Treasury until the preliminary hearing of the case before the Circuit Court of the United States, which was to take place on Wednesday, the 3rd day of December, 1873. As you, together with Messrs. Moore & Gatling and Hon. Kemp. P. Battle, were the Attorneys employed by the Governor to assist the Attorney General in said suit, you will confer a favor by stating what advice you gave me in the matter. Very respectfully,

D. A. JENKINS,
State Treasurer.

RALEIGH, Dec. 6th, 1873.

D. A. Jenkins, Esq., Public Treasurer:—

DEAR SIR:—In answer to your communication of this date we state:

It was in our opinion a prudent and discreet act on your part, after being served with notice of the injunction, to retain the moneys paid into the Treasury until the day appointed for the hearing, which was but a short time distant, and we so expressed ourselves to you.

We are respectfully yours,
W. N. H. SMITH,
GEORGE V. STRONG.

RALEIGH, Dec. 6, 1873.

HON. D. A. JENKINS,
State Treasurer:

DEAR SIR:—Being sure that in your conduct in regard to the "Self suit," you have acted in the utmost good faith, I cheerfully respond to yours just received:

1. I do not remember that I was ever called on for any specific advice as to whether the notice of the hearing of the application for special injunction in said suit operated as an injunction or not.

2. My opinion was that parties served with such notices, while not liable to imprisonment for contempt of court, are affected with all consequences resulting from acting with notice of the claims of the opposite party, in case the court should afterwards decide in favor of those claims.

3. This opinion of mine was well known to you, and was fully stated by a Joint Committee of the General Assembly, which convened in the Executive Chamber on the night preceding Thanksgiving Day.

4. I started to make this explanation to the editor of the *Sentinel* "on the street," but some interruption occurred and the matter was not fully gone into.

I know that in like suits against you heretofore it has been assumed by council on both sides that things remain "*in statu quo*" until the hearing of the application for special injunction.

6. Therefore until the matter was fully investigated, it seems to me you acted with common prndence, especially as the funds in the Treasury were low, in stopping payments as you did.

Truly Yours,
KEMP P. BATTLE.

THE DANBURY NEWS MAN OUTDONE.—Nason, of the *Republic-Courier*, poor fellow, has lost his dog. A gentleman of his acquaintance gave him a turtle—the turtle is gone. He mournfully writes in the last number of his paper as follows:

"WILL HE EVER COME BACK.—If anybody has seen a black-and-tan dog answering to the name of 'Pedro,' roving about in Eastern North Carolina in company with a hard-shell turtle, that won't answer to anything, and certainly won't answer to tackle, as the dog can tell you if you can get him to stop long enough, please halt the eloping pair, as they are the property of the editor of this this paper. We are fondly attached to the dog on account of his vagabondish Bohemian habits. He knows every dog in Craven county by name, and is on speaking terms with nine-tenths of the granger dogs that come in under the wagons and in market boats, and he knows more of the inhabitants of this city than the tax collectors do. The turtle sent up by Dr. Barker, from his plantation in Carteret county, is a more recent acquisition. It was placed in the backyard yesterday, and the dog spent an hour and a half trying to entice it to come out of its shell and be sociable. The old iron clad maintained his reserve, however, until the dog crammed his nose against the forward part and began to snuff. The pair seemed to come to some sort of understanding at once, for the dog made an impetuous remark on a very high key, and they both started on a trip. When the dog jumped over Dick Berry's cook-house we thought he had struck the eastern current and would get right through, but we learn since that he changed his course and landed in Hyde county, and was seen sauntering along like a whirlwind, the turtle staying by him. We should be very sorry to loose that dog now. as he has acquired a very important and vainly quality. He knows more about turtles than any other dog in New-Berne, and its mighty hard to find a real good turtle dog.

HARTLEY'S DRAMATIC READING.—Mr. J. W. Hartley, the accomplished elocutionist, who gave the citizens of Raleigh such a rare treat during Thanksgiving week, has accepted an invitation from a number of our most prominent citizens to return and give one more entertainment at Tucker Hall on Monday evening, the 8th inst.

Mr. H. came to us very highly recommended by the press, and the best proof of his having given satisfaction here is that the press, clergy, and others well-known in Raleigh have made this request of him to return.

He will repeat the "Ride from Ghent," the ludicrous account of "Buck Fanshaw's Funeral," by Mark Twain and that funniest of all funny compositions, the "Morman Panorama," by Artemus Ward.

OUR CHURCHES TO-DAY—Divine services will be held at the following Churches to-day, (Sunday.) Strangers and others in the city are earnestly and cordially invited to attend. Gentlemanly ushers will be present to conduct visitors to pews which are always free.

THE NEW GOVERNMENT BUILDING.—Our readers have already been informed that Mr. Mullett, Supervising Architect of Public Buildings of the United States, has reported to Congress recommending that the proposed government building in this city be constructed out of pressed brick, giving as a reason therefor that suitable stone could not be well procurred here. Now everybody knows this to be not so, and therefore the following resolution, introduced by Mr. Moring, of Chatham, and adopted by the House of Representatives on yesterday, is appropriate in every way, and we hope our representatives in Congress will give this matter their immediate and earnest attention:

WHEREAS, It appears that the Chief Architect of the United States, in his report to Congress, recommend that the United States Court House and Post Office, to be erected in Raleigh, to be built of press brick; and, whereas, there are numerous and inexhaustible stone quarries both of granite and sand-stone in this State that can be procured at reasonable prices,

Resolved, By the General Assembly of North Carolina, That our Senators and Representatives in Congress be instructed and requested to exercise their efforts with the authorities of the government at Washington to have the said Court House and Post Office built of stone.

THE DAILY NEWS.

JORDAN STONE, Managing Editor.
SAM'L T. WILLIAMS, Political Editor.

SUNDAY.....DECEMBER 7, 1873.

Cuba.

There is a strong disposition among the Spaniards in Cuba to disregard the orders of CASTELAR, in the matter of the delivery of the Virginius to the American authorities. Much trouble is apprehended on the Island if the demand be complied with. And if the demand is not complied with, there will be trouble also. The Cuban journals are clamorous for war with the United States. They say they will "fight or die."

Can It Be True?

It is said that JOSIAH TURNER, JR, advised raids on certain citizens in Alamance and Orange by the Ku-Klux, and that these letters are now in existence in his own hand-writing, in a state of preservation. Will TURNER deny this?

After getting these Ku Klux into trouble, he then shamefully deserted them by writing the Norwood-Anderson letter, in which it was threatened that if the Legislature did not deal fairly with Mr. TURNER about the Public Printing, certain members of the Legislature, TURNER'S friends, would vote against amnesty to the Ku Klux—the men that TURNER got into trouble by his advice.

Was there ever a baser desertion?

How can any honorable, decent man respect TURNER after this disgraceful disclosure?

Is such a man a fit representative of the Conservative party?

The Consolidation Bill.

The Railroad Consolidation Bill passed the Senate on Friday, with sundry amendments, and will come up in the House at an early day. This is one of the most important measures that will come before the Legislature. It is a great State measure, and for that reason should not be made to discriminate against any section or locality. The Senate has endeavored to so guard it that it will operate injuriously upon none, and if any amendments are adopted in the House, they should look in the same direction.

In a matter of so much importance it behooves the representatives of the people to act with caution, discretion and deliberation. There should be no captious opposition to any feature of the bill, from any quarter. The people of the West ask for the consolidation proposed in this scheme, as the most feasible plan yet offered to give them a Railroad. Their wishes and interests ought to be respected, but no discriminations against other sections should be made.

Swepson's Man Jo.

We have denounced SWEPSON from the 1st March, 1872, the day the RALEIGH NEWS started until the present time. The *Sentinel* commenced to denounce him when SWEPSON dunned TURNER on the little debt he had contracted with that individual. When TURNER did not return that money—the $5,000 that SWEPSON let him have to buy the *Sentinel* with, he either "could not or would not pay it"—he then turned upon SWEPSON the vials of his wrath and impaled him without mercy. To this day he has not paid back the money which his benefactor and friend, the swindler, let him have with which to buy *Sentinel*. The *Sentinel* owes it still. The *Sentinel* IS BOUND FOR IT NOW. The *Sentinel* has been run by Ring money. Jo TURNER got the Ring money from SWEPSON, and he has not yet cancelled the obligation. He did not pay SWEPSON, and when he failed to pay him he turned his back upon him and commenced his warfare.

And yet SWEPSON'S man Jo has the unbridled audacity, impudence and shamelessness, to charge others with being in the SWEPSON Ring!

Convicted out of his own Mouth.

Soon after STONE & UZZELL received the Public Printing last December, the Editor of the *Sentinel* said in his paper that he was "morally certain from the first that the NEWS was run by the TOM SCOTT Ring, and now he was sure of it."

In the same paper he said he had refused to sell or lease the *Sentinel* to the Ring on any terms, though frequently approached on the subject.

Why did not the *Sentinel* denounce the NEWS before it got the printing? The Editor was "morally certain from the first" that ours was a Ring paper—and yet he permitted this Ring paper to be run before his eyes from the first of March, 1872, until the 18th of December, 1872—nearly ten months—without saying a single word against it. He had the information locked up in his bosom—he was "morally certain" we were run by TOM SCOTT—and yet he did not expose us until we got the Public Printing!

Not only that, but the *Sentinel* actually welcomed the DAILY NEWS when it first appeared. It hailed us a co-laborer in the same cause with itself. It wished us success and prosperity. It extended us the right hand of fellowship—although the Editor was morally certain that we were in the TOM SCOTT Ring! The *Sentinel* not only welcomed us, but remained on the most friendly terms with us until it lost the printing. Not only that, but several weeks after the DAILY NEWS was established, JOSIAH TURNER, JR., addressed a note to JORDAN STONE, asking him for a conference at his, TURNER'S room, number 25, at the Yarboro House. Then and there JOSIAH TURNER offered to least the *Sentinel* to JORDAN STONE—one of the Proprietors of the RALEIGH NEWS—"the TOM SCOTT paper"—and TURNER was "morally certain" of it then. TURNER told STONE he could not sell—he had not the power to do that, but that he would lease the *Sentinel* for a term of years to him. TURNER says this conversation was in reply to a letter from JORDAN STONE on the subject. That may be; but our letter was written sometime before we left Weldon. TURNER cannot deny that after we established the DAILY NEWS he wrote the note to us as above stated, and said he was willing to lease to JORDAN STONE.

He says the NEWS is in the BUFORD Ring; that he was morally certain of it from the first, and yet he agreed to lease the *Sentinel* to the Managing Editor of the Ring paper!

For months after we received the printing he charged us with being run by BUFORD. And then, as if in the very madness of desperation and recklessness, he would occasionally change his tone and charge that the paper was run by Dr. HAWKINS, President of the Raleigh & Gaston Railroad. Oh! consistency!

As most of our readers know, BUFORD'S Road and the Raleigh & Gaston are diametrically opposed to each other, and represent conflicting interests, TURNER charges first one and then the other with running our paper. And he never lies! He never told an untruth in his life! Verily, a second GEORGE WASHINGTON lags upon the stage, to show to all the world a paragon of veracity! If our paper is in the interest of the Pennsylvania Central, how can it be in the interest of the Raleigh & Gaston Road? He is thus convicted out of his mouth.

H. A. Gudger, Esq., of Madison.

The *Sentinel* of the 5th inst. said that the gentleman whose name heads this article, attempted in the Conservative caucus on Wednesday night to impeach the decision of the previous caucus, by insisting that there was no nomination for Public Printer, because the Editor of the *Sentinel* had not received a two-thirds vote of the caucus. The *Sentinel* added that Mr. GUDGER was told that the Editor of the *Sentinel* had not only been nominated by a two-thirds vote, but that his nomination was unanimous.

This is false. Mr. GUDGER did not insist on the two-thirds rule or make any remarks to that effect.

At the first caucus on the subject—called by Mr. TURNER'S friends, sixteen Conservatives *were absent*. A motion was made to get an expression of the preference of the Conservatives as to whom the Committee on Public Printing should award the contract. Mr. JONES WATSON, of Chapel Hill, from TURNER'S county, got up and made an appeal in behalf of TURNER—and he was followed by Senator NICHOLSON, from Iredell, who after stating all the sacrifices and services TURNER had rendered the party in the past, claimed that the Public Printing was due him because he lost $3,000 by his contract of 1870-71. We understand Mr. NICHOLSON spoke kindly of the Proprietors of the NEWS, but claimed that TURNER ought to be re-imbursed for the money he had lost by underbidding. There was no speech made for the NEWS—and a ballot was taken after the conclusion of Mr. NICHOLSON'S remarks. Mr. TURNER received forty-two votes; STONE & UZZELL thirty-six, and Messrs. ENGELHARD & SAUNDERS two—the latter being scattering votes. So that TURNER received a majority of only four after the Herculean efforts of his friends and himself. A friend of the NEWS moved that the vote be made unanimous under the impression that TURNER had received the nomination.

A point was afterwards raised that this was no nomination—that according to the rule adopted by the Conservatives last winter in the Senatorial election, it was necessary for the caucus candidate to recieve forty-nine votes, or a majority of the Conservatives of the Legislature—that TURNER having only received forty-two, he was not really nominated, and his nomination was made unanimous under a wrong impression.

In the Senatorial election, the candidates were required to get forty-nine votes—a majority of the whole number present, and as this rule has not been repealed, many hold that it governs all nominations until it is rescinded.

Because Mr. GUDGER has been opposed to giving the Public Printing to the Editor of the *Sentinel*, that paper is anxious to find some excuse to attack him. Mr. GUDGER'S opposition has been open and above-board.

As Chairman of the House branch of Committee on Printing, he signed the contract last year with STONE & UZRELL, and that was enough for him to incur the *Sentinel's* displeasure.

When Mr. GUDGER came to Raleigh last winter, he came as the friend of the *Sentinel*, and was strong for that paper for the Public Printing. He did not know either of the Editors or Proprietors of the RALEIGH NEWS—had never seen one of them, and was not even a subscriber to their paper. He regarded the *Sentinel* as the organ of the party—the NEWS being a new paper, only nine months of age, was scarcely known to him at all.

But when the *Sentinel* bolted—when it refused to support Governor VANCE after his nomination for Senator—when it looked on from day to day at the exciting contest which was pending last winter, and declined to take any part to heal the breach in the party, or to advocate the claims of Gov. VANCE as the caucus nominee, then Mr. GUDGER resolved that he would not support the *Sentinel* for the printing. He could no longer recognize that paper as the organ of the party. After the contract was signed, then the *Sentinel* commenced through its editorials and a series of communications from Orange and elsewhere, to attack the motives of the Committee, the Conservatives of the Legislature, and everybody and everything that did not knuckle to its insane, selfish motives. Its articles and communications impeached the motives of the Committee, and he dared one of them, Senator WARING, to meet him before his constituents in Charlotte, at an appointment made by TURNER himself. Mr. WARING'S course, after speeches by TURNER and WARING, was unanimously endorsed by a vote of the meeting, and TURNER returned home with several fleas in his ear. It was about this time he wrote the ANDERSON-NORWOOD letter, to get the contract for printing undone.

Mr. GUDGER had ample cause for declining to go for the *Sentinel* for Public Printer, when that paper failed of its duty on the Senatorial question. When the *Sentinel* attacked the Committee on Printing, last winter, Mr. GUDGER arose in his seat and stated that he had no regrets for his course; that he believed he had done right in giving his vote for the NEWS in Committee, and that he would do the same again, under similar circumstances. He denounced the insinuations against him and the other members, and said they were unworthy of notice.

The other Conservatives on the Committee who voted for the NEWS, acted from the same motives with Mr. GUDGER. They believed that the *Sentinel* had forfeited its claim to the printing by its course towards the nominee of the party, and they acted as true, consistent, faithful Conservatives.

Who Belongs to the Swepson Ring?

We have borne JOSIAH TURNER'S abuse for twelve months.

We have said nothing until recently, except to deny his charges, although his paper teemed nearly every week with the false accusations that the RALEIGH NEWS was run by the TOM SCOTT, BUFORD and the SWEPSON Ring, &c.

He wants a magistrate to summon witnesses to help him prove this.

We have shown without the aid of a magistrate, by his own statement and that of Mr. R. Y. MCADEN, that TURNER bought the *Sentinel* from Rev. W. E. PELL for five thousand dollars; that he got this money from GEORGE W. SWEPSON, the swindler—and that he has never returned it to SWEPSON!

Or, in other words, as is said in the MCADEN-TURNER letter, "*as this is the debt*," (the $5,000 SWEPSON debt,) "*contracted to purchase the Sentinel*, THE SENTINEL IS LIABLE FOR IT."

In the face of these facts, TURNER has the cheek to charge our paper with being connected with SWEPSON—a charge as wicked, as unfounded, as infamous as ever amanated from a malicious brain—and a craven, venomous, putrid heart!

Who belongs to the Swepson Ring?

SPECIAL NOTICES.
BILLOUS.—If you feel dull, drowsy, debilitated, despondent, have frequent headache, mouth tastes badly in morning, poor appetite and tongue coated, you are suffering from Torpid Liver or "Biliousness." In many cases of "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal. It effects perfect cures, leaving the liver strengthened and healthy. Sold by all first-class druggists.
How unnecessary the anguish many persons undergo from rheumatism, gout, neuralgia, toothache and earache. We say unnecessary because the application of Mexican Mustang Liniment to the affected part, or a few drops of it in the ears of the tooth, affords instantaneous, and what is better, permanent relief. For cuts wounds, bruises, swellings, and all injuries or diseases which require treatment externally, this liniment is every where regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is infallible.
His Honor, HENRY POTTER, late Judge of the United States Court for the District of North Carolina, gave the following as his opinion of Beckwith's Pills:
"For some ten or twelve years past I have been in the habit of using DR. BECKWITH'S ANTI-DYSPEPTIC PILLS in my family, and consider them so valuable a domestic medicine, that I never suffer my stock to be exhausted. I have used them with good effect in dyspeptic cases, under various modifications, and have found them efficacious in relieving from Sick Headache, and from all the usual symptoms of functional derangement of the viscera. As an aperient, they are excellent. I have long had the pleasure of the acquaintance with the inventor of these Pills. He is a gentleman of fair character and worth, and he ranks high in the science of medicine and the healing art."
Prepared by E. R. Beckwith, Chemist, Dr. John Beckwith, Proprietor, Petersburg, Va. Sold by Druggist generally. Price per box. Joseph Carr, Wholesale Agent, Petersburg, Va.

DAILY NEWS.

.....DECEMBER 7, 1873.

NORTH CAROLINA.

Charlotte still runs a skating rink.

Milton is to have a public warehouse.

Wood thieves are rampant in Louisburg.

The Wilson Thespian Corps is flourishing.

Rev. Dr. Deems will visit Wilmington next week.

The Grangers muster strong in Cumberland county.

A large number of foreign vessels are in the port of Wilmington.

A fine buck was seen recently in the neighborhood of Louisburg.

Large droves of hogs continue to pass through Asheville, going South.

Wilmington will have a masquerade ball on the night of the 30th instant.

Wilson is ambitious to have a market house. We hope she may soon have one.

Possum hunting is now the favorite sport of the dwellers in the vicinity of Louisburg.

Mr. Wm. Davis, who lives near Milton, had the misfortune to get his leg broken the other day.

G. D. Langley, one of the Commissioners of Edgecombe county, had his leg broken by a blow from an axe.

Jas. H. Smith, former proprietor of the Charlotte *Observer*, died on Thursday morning at Winnsboro', S. C.

On Saturday of last week an old man named Carrington, from Oswego, N. Y., accidentally shot himself while out ducking in a boat on Currituck Sound. He was instantly killed.

On Thursday, in Charlotte, a man by the name of James Burton, an employee at the planing mill of P. S. Whisnant & Sons, lost three fingers of his right hand by being caught in the machinery.

The Milton *Chronicle* of the 4th inst. says that a negro by the name of Zeno Rollins, Person county, got both of his hands sawed off on Monday last at the Steam Saw Mill of Messrs. Smith & Scott.

Says the Asheville *Citizen* of the 4th inst:

"On last Saturday Mr. James Welch, living near Waynesville, Haywood, shot Dr. J. L. Edwards, of the same county, from which he died on Monday. The difficulty grew out of the location of the boundary of an estate. The matter has been in Court for some years."

Says the Wilmington *Post* of the 5th inst:

"As an evidence that Wilmington is fast becoming the principal market on our Atlantic coast for the export of cotton and naval stores, we direct attention to the large number of foreign tonnage now in this port and sailed for here, displaying the bunting of various nationalities, viz: Sweeden, Norwegian, Germany, and Britain."

The Wilmington *Journal*, of the 5th instant, in announcing the death of Gen. Dockery, says:

"We regret to learn of the death of the venerable General Alfred Dockery, who died at his residence in Richmond county, on Wednesday, at the advanced age of 76 years. He had been sick for several weeks and his demise was not unexpected.

"Gen. Dockery was, previous to the war, one of the representative men of this State. He was born on the 11th of December, 1797, and therefore lacked but one week of being 76 years old at the time of his death. He first entered public life as a member of the House from Richmond county, in 1822, and was elected to the Senate in 1836, serving continuously until 1844. In 1845 he was elected a member of Congress and served one term when he declined a renomination, but was again elected in 1851. He was once the candidate of the old Whig party for Governor and was defeated by Gov. Bragg, in a very close contest, by only 2,085 votes."

THE EPISCOPAL SCHISMATICS.—The New York *World* says: The ostensible cause of Bishop Cummins' withdrawal from the Episcopal Church certainly does not give any warrant for the formation of a new church. That cause was that the Episcopal Church did not permit its priests to commune with Christians of other denominations under other forms than its own. There is no doubt that such is the attitude of the Episcopal Church. But there is also no doubt that there are many churches which permit their members the privilege which Bishop Cummins craves, and that there is no necessity for a new church to hold persons of the mind of Bishop Cummins. To erect a church on so narrow a foundation seems like paying tithes of mint and anise and Cummins, and neglecting the weightier matters of the law. And hence, however amiable a person Bishop Cummins may be, he does not like a formidable heresiarch.

SPECIE PAYMENT.—A Washington correspondent, under date of the third, says: Senator Sumner purposes to reach specie paymets in about one year and a half by substituting compound interest notes for legal tenders. Senator Morrill, of Vermont, to-day will favor free banking and the resumption of specie payments on January 1st, 1875. Representative Randall has a remedy for the existing financial evils in the substitution of greenbacks for National bank notes. Other financial doctors have numberless remedies, all of which will be presented and ventilated. From the pressure brought to bear on Congress and the tone of members generally, an inflation of the currency may be expected by the House, but that the Senate will assent is not so certain. The currency will soon be increased to the extent of $43,000,000, the reserve, which is fast being used for the wants of the Treasury.

Two handsome young ladies having commenced the practice of medicine, in Blackhawk county, Illinois, it is said that sickness has broken out to an alarming extent among the young men.

Mr. W. C. Elam, of Richmond, Va., Cuban war correspondent of the New York *Times*, has had several letters and telegrams in that paper, dated aboard the United States steamer Powhatan.

The Washington Republican on the Cuban Situation.

The Washington *Republican*, referring to the dispatches published yesterday morning concerning the refusal of the Spanish Cubans to obey Castellar's orders, says:

"The dispatches printed below require official confirmation. The Spanish Minister of Colonies, Senor Solery Pla, had not up to a late hour yesterday given any intimation of his resignation, and it is not known authoritatively that Captain General Jovellar has intended to tender his resignation. It is known, however, that the latter has been more or less under the influence of the volunteers, and while he has made considerable effort to preserve his loyalty and secure the obedience of the Cubans to the Castelar Government, recent news from Havana is of such a character as to lead to the conviction that some extraneous influences have been brought to bear in directing the tenor or tone of the press dispatches from that point.

"It may be safely asserted that whether the volunteers succeed in the efforts which it is alleged they are making to prevent the surrender of the Virginius or not, the United States is in readiness for any emergency. If the news proves to be true it is not improbable that our Government may become allied with the Castelar Government in a war to subjugate the Havanese Volunteer rebels. If, on the other hand, the Castelar Government is compelled to abdicate, or is overthrown, it may become the policy of the United States to recognize the independence of the Cuban Republic and establish a protectorate over it."

A TIMELY REMINDER.—As the Republican Senators were assembling to-day in the ladies' reception room at the Capitol for the purpose of holding a caucus, Senators Gordon, of Georgia, and Ransom, of North Carolina, both democrats, who were not aware of the use the rooms had been for the time set apart for, attempted to enter. The doorkeeper politely informed them they could not go in. At this Senator Ransom got indignant and asked the employe if he knew who he was, reminding him at the same time that he was a Senator and had the right of access to the public rooms of the Senate. The parley blocked the way of those entitled to admission, and Senator Robertson, of South Carolina, learning the cause, said: "Let in the penitent sinners." The democratic Senators withdrew their demand for admission and found more congenial atmosphere nearer the Senate chamber.

A curious question has been raised in Mississippi. The Constitution demands that the Governor and Lieutenant Governor of the State shall have been citizens of the U. States for twenty years, and the citizenship of A. K. Davis, the Ames Lieutenant Governor, only dates back to the Emancipation Proclamation of President Lincoln. We think that if any attempt is made to exclude Davis on this ground, the provision of the Mississippi Constitution, if construed to relate to colored men born in the United States, will be found to conflict with the amendments to the Federal Constitution. A more valid objection to Cardoza, one of the Ames State officers, is that he has been in the penitentiary for an infamous crime.

THE INGRATES.—A Washington letter in the Baltimore *Sun* says:

"Senator Sumner is very much exercised over the ingratitude of some of his colored admirers in this city. They serenade him, he opens his doors free, and then several black sheep in the flock pick up everything they find lying around loose. He was serenaded a few nights since, and now he mourns the loss of two footrugs, (which were imported by him,) a vase, and other articles, which he is using every effort to recover."

This was worse than the stealing of Maddox's pig and ducks.

The following is a financial exhibit of the Treasury Department at the close of business yesterday: Currency, $569,227,68; special deposit of legal tenders for redemption of certificates of deposit, $21,820,000; coin, $83,195,197.10; including coin certificates, $30,324,200; outstanding legal tenders, $368,557,718.

The receipts from internal revenue sources yesterday were $253,664.74.

An enthusiastic angler writes that some of the hot springs of the Yellowstone region are situated so near the margin of the Yellowstone lake that a person might stand on the rim of the spring, extend his fishing rod into the lake, catch trout weighing from one to two pounds, and cook them in the boiling springs without removing the fish from the hook.

The latest physiological discovery is that the human liver distils alcohol from the food as it passes through the system. This is something new in these parts. We know of several distillers who are good livers, but we never heard of a liver that was a good distiller before.

The Edina *Sentinel*, says, we have been informed that the Scotland County Fair consisted of a bull and pumkin. The bull got loose and ate the pumkin, and they closed the Fair.

Mrs. Sigourney, of Boston, who, with her children, was lost on the Ville du Havre, was a daughter of the late Hon. Wm. C Rives, of Virginia.

Mr. Robeson's orders to the commandants of the navy-yards: "Get all the available vessels ready for sea, and CUBA little quick about it."

Ex-Representative Ozro J. Doods, of Ohio, will soon be married to the daughter of the well-known Ohio representative.

The Pennsylvania papers, according to the Philadelphia *Press*, stand 208 for the new Constitution to 18 against it.

TURNER'S ALMANAC

It is undoubtedly the best publication of the kind in the State. There is none other to compare with it in point of useful information and general adaptation to the wants of our people.—[Carolina Watchman, Salisbury.]

* * * This Almanac is the most valuable now published in North Carolina and should be in every family.—[Tarboro Southerner.]

TURNER'S N. C. ALMANAC.—This is one of the most complete almanacs ever published in North Carolina, and contains features that others have never known.—[Christian Advocate, Raleigh.]

It is sold for 10 cents and is richly worth ten times the price.—[Warrenton Gazette.]

The department devoted to the annual State record of 1873, is a new feature of the Almanac tha will commend it to popular favor everywhere.—[Daily Journal, Wilmington.]

It is a neat, well gotton up, useful, ornamental humorous practical, and scientific work, which ought to hang on a nail by the mantel piece of everybody, and if our merchants are as sharp as we think they ought to be, they will not hesitate to send for a supply for their customers.—[Western Vindicator, Newton.]

The information in regard to the State and National Governments, their officers, &c., is worth more than the price of the Almanac.—[Charlotte Democrat.]

It is carefully calculated by Rev. Dr. Craven of Trinity College, and altogether forms such an interesting reference book for the Farmer, Merchant and others that they will be fully compensated in the small outlay of 10 cents a copy.—[Times, Newbern.]

For sale by Merchants and Post-masters throughout the State.

PEARCE COTTON.

The above Cotton was introduced into this State by the undersigned about two years ago, this being the second crop. This Cotton is of the long staple species, resembling in appearance, texture and staple, if not equal to the celebrated Sea Island Cotton, therefore commanding a price much above that of the best grade of the common kind. It is also the most prolific Cotton now known in the United States, so pronounced by many of our best planters who have seen it grow. It grows in clusters of from eight to twelve squares, and as many as five hundred and upwards of bolls and squares can be counted to the stalk, producing from three to four thousand pounds of seed cotton per acre on good land. It is also an earlier Cotton than the common kind.

Seed for sale by the undersigned at ten dollars per gallon, or four dollars per pound. Small quantities can be sent by Mail, large quantities by Express.

All monies for seed can either be sent by Registered Letter or Post Office Order, to the undersigned at Hilliardston, Nash Co., N. C.

Orders for seed will be promptly attended to. J. J. PEARCE.

"Sec. 2. The Senate and House of Rep e-sentatives shall meet biennially on the third Monday in November, and when assembled shall be denominated the General Assembly. Neither House shall proceed upon public business unless a majority of all the membe s are actually present."

And whereas, at said election it was also submitted to the peop'e of the State qualified to vote, whether the 6th section of the 3rd Article of said Constitution, should be amended by striking out the word "annually" and inserting in lieu thereof the word "biennially," so as to conform to the provisions respecting the the sessions of the General Assembly, so as to read as follows:

"Sec. 6. The Governor shall have power to grant reprieves, commutations and pardons, after conviction, for all offenses (except in cases of impeachment) upon such conditions as he may think proper, subject to such regulations as may be provided by law relative to the manner of applying for pardons. He shall biennially communicate to the General Assembly each case of reprieve, commutation or pardon granted, stating the name of each convict, the crime for which he was convicted, the sentence and its date, the date of commutation, pardon or reprieve and the reasons therefor."

And whereas it was also submitted to the people of the State qualified to vote whether the 5th Section of the 2d Article of said Constitution should be amended to read as follows:

"Sec. 5. The said Senate District shall be so altered by the General Assembly at the first session after the return of every enumeration taken by order of Congress that each Senate District shall contain as nearly as may be an equal number of inhabitants, excluding aliens and Indians not taxed, and shall remain unaltered until the return of another enumeration and shall at all t mes consist of contiguous territory; and no county shall be divided in the formation of a Senate District, unless such county shall be equitably entitled to two or more Senators."

And whereas, at said election it was also submitted to the people of the State qualified to vote whether the 1st Section of the 3rd Article, of the said Constitution should be amended to read as follows:

Their term of office shall shall commence on the first day of January next after their election, and continued until their successors are elected and qualified. Provided, that the officers first elected shall assume the duties of their office ten days after the approval of this Constitution by the Congress of the United States, and shall hold their offices four years from and after the first day of January, 1869."

And where, at said election it was also submitted to the people of the State qualified to vote, whether the 13th section of said Article should be amended to read as follows:

"Sec. 13. The respective duties of the Secretary of State, Auditor, Treasurer, Superintendent of Public Instruction and Attorney General shall be prescribed by law. If the office of any of said officers shall be vacated by death, resignation, or otherwise, it shall be the duty of the Governor to appoint another until the disability be removed, or until his successor be elected and qualified. Every such vacancy shall be filled by e ection at the first general election that occurs more than thirty days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired term fixed in the first se tion of this Article."

And whereas, at said election it was also submitted to the people of the State qualified to vote, "whether sections 2 and 3 of the 4th Article of said Constitution should be stricken out," being the provisions which refers to the appointment and duties of the Code Commissioners.

And whereas, at said election it was also submitted to the people of the State, qualified to vote, whether section 6 of the 5th Article of said Constitution should be amended to read as follows:

"Sec 6. The property belonging to the State or to municipal corporations shall be exempt from taxation. The General Assembly may exempt cemeteries, and property held for educational, scientific, literary, charitable or religious purposes; also wearing apparel, arms for muster, household and kitchen furniture, the mechanical and agricultural implements of mechanics and farmers, libraries and s entific instruments or any other personal property to a value not exceeding three hundred dollars."

And whereas, at said election it was also submitted to the people of the State qualified to vote, whether section 5 of the 9th Article of said Constitution should be stricken out and the following inserted in lieu the eof:

And whereas, at said election it was also submitted to the people of the State qualified to vote, "whether sections 13, 14 and 15 of the 9th Article of said Constitution should be stricken out," relating to the University of North Carolina.

And whereas, the result of the voting upon the said proposed Amendments and alterations of said Constitution, in the several counties of the State, has been certified and returned to me according to law, and having carefully c mpared the said returns in conformity to said Act in the presence of the Secretary of State, the Auditor and Treasurer, from which comparison it appears that there were cast at said election in regard to an alteration of Constitution in relation to the Public Debt:

CHARLES PRATT:

NEW YORK, May 13th, 1869.

DEAR SIR:—The undersigned, officers of Fire Insurance Companies, have noticed, with pleasure, your endeavors to introduce a safe and reliable illuminating oil, in place of the cheap and low grades of Kerosene Oil so commonly used. The merits of your "Astral" Oil, which are so generally conceded by scientific men, the press, and the public at large, leads us to hope that your endeavors may be crowned with success, and that consumers will fully protect themselves from FIRE and ACCIDENT, by the use of an oil which is PERFECTLY SAFE.

Such we think the "Astral" Oil to be (standing as it does a test of 155 degrees against 110 degrees of best Kerosene,) and we feel that its general introduction as security, would materially diminish the Fire Risks on all buildings in which Kerosene is stored or used.

Robt. D. Hart, President Astor Fire Insurance Company.
J. V. Harriott, President Fireman's Insurance Company.
B. S. Walcott, President Hanover Fire Insurance Company.
E. J. Lowber, President Corn Exchange Insurance Company.
George W. Savage, President International Insurance Company.
Stephen Crowell, President Phœnix Insurance Company.

Special attention is called to the following letter, from Prof. W. C. Kerr, Geologist for the State of North Carolina:

GEOLOGICAL ROOMS,
Raleigh, N. C., July 4th, 1870.

JULIUS LEWIS, Esq.:—Dear Sir—I have subjected the sample of PRATT'S ASTRAL OIL you sent me to a rigorous fire test. I find it does not flash below 145 degrees, nor burn below 155 degrees. I consider it PERFECTLY SAFE.

Yours, W. C. KERR.
